

对孩子和家庭进行个别帮助

艾伦·约瑟夫,先达能源公司的董事长,现正以个人名义资助在中国的宁夏省、广西省和甘肃省的173名儿童上学。自2004年以来,艾伦·约瑟夫每年总计花五周时间家访孩子们和他们的家庭。另外,他也访问在这几个省的学校和老师。

他执行这个方法的方法很简单。他首先联系中华全国妇女联合会的下属地方妇联,由他们为他挑选家庭供他访问。他在农村小学里作一个客座讲课,然后进行家访了解这些家庭的需要、他们过去的生活和他们对未来的憧憬。尽管约瑟夫能说汉语,但当那些家庭说地方话时,他还是由翻译陪同。虽然他往往是去那些家庭的第一个外国人,但他受到了热烈的欢迎。

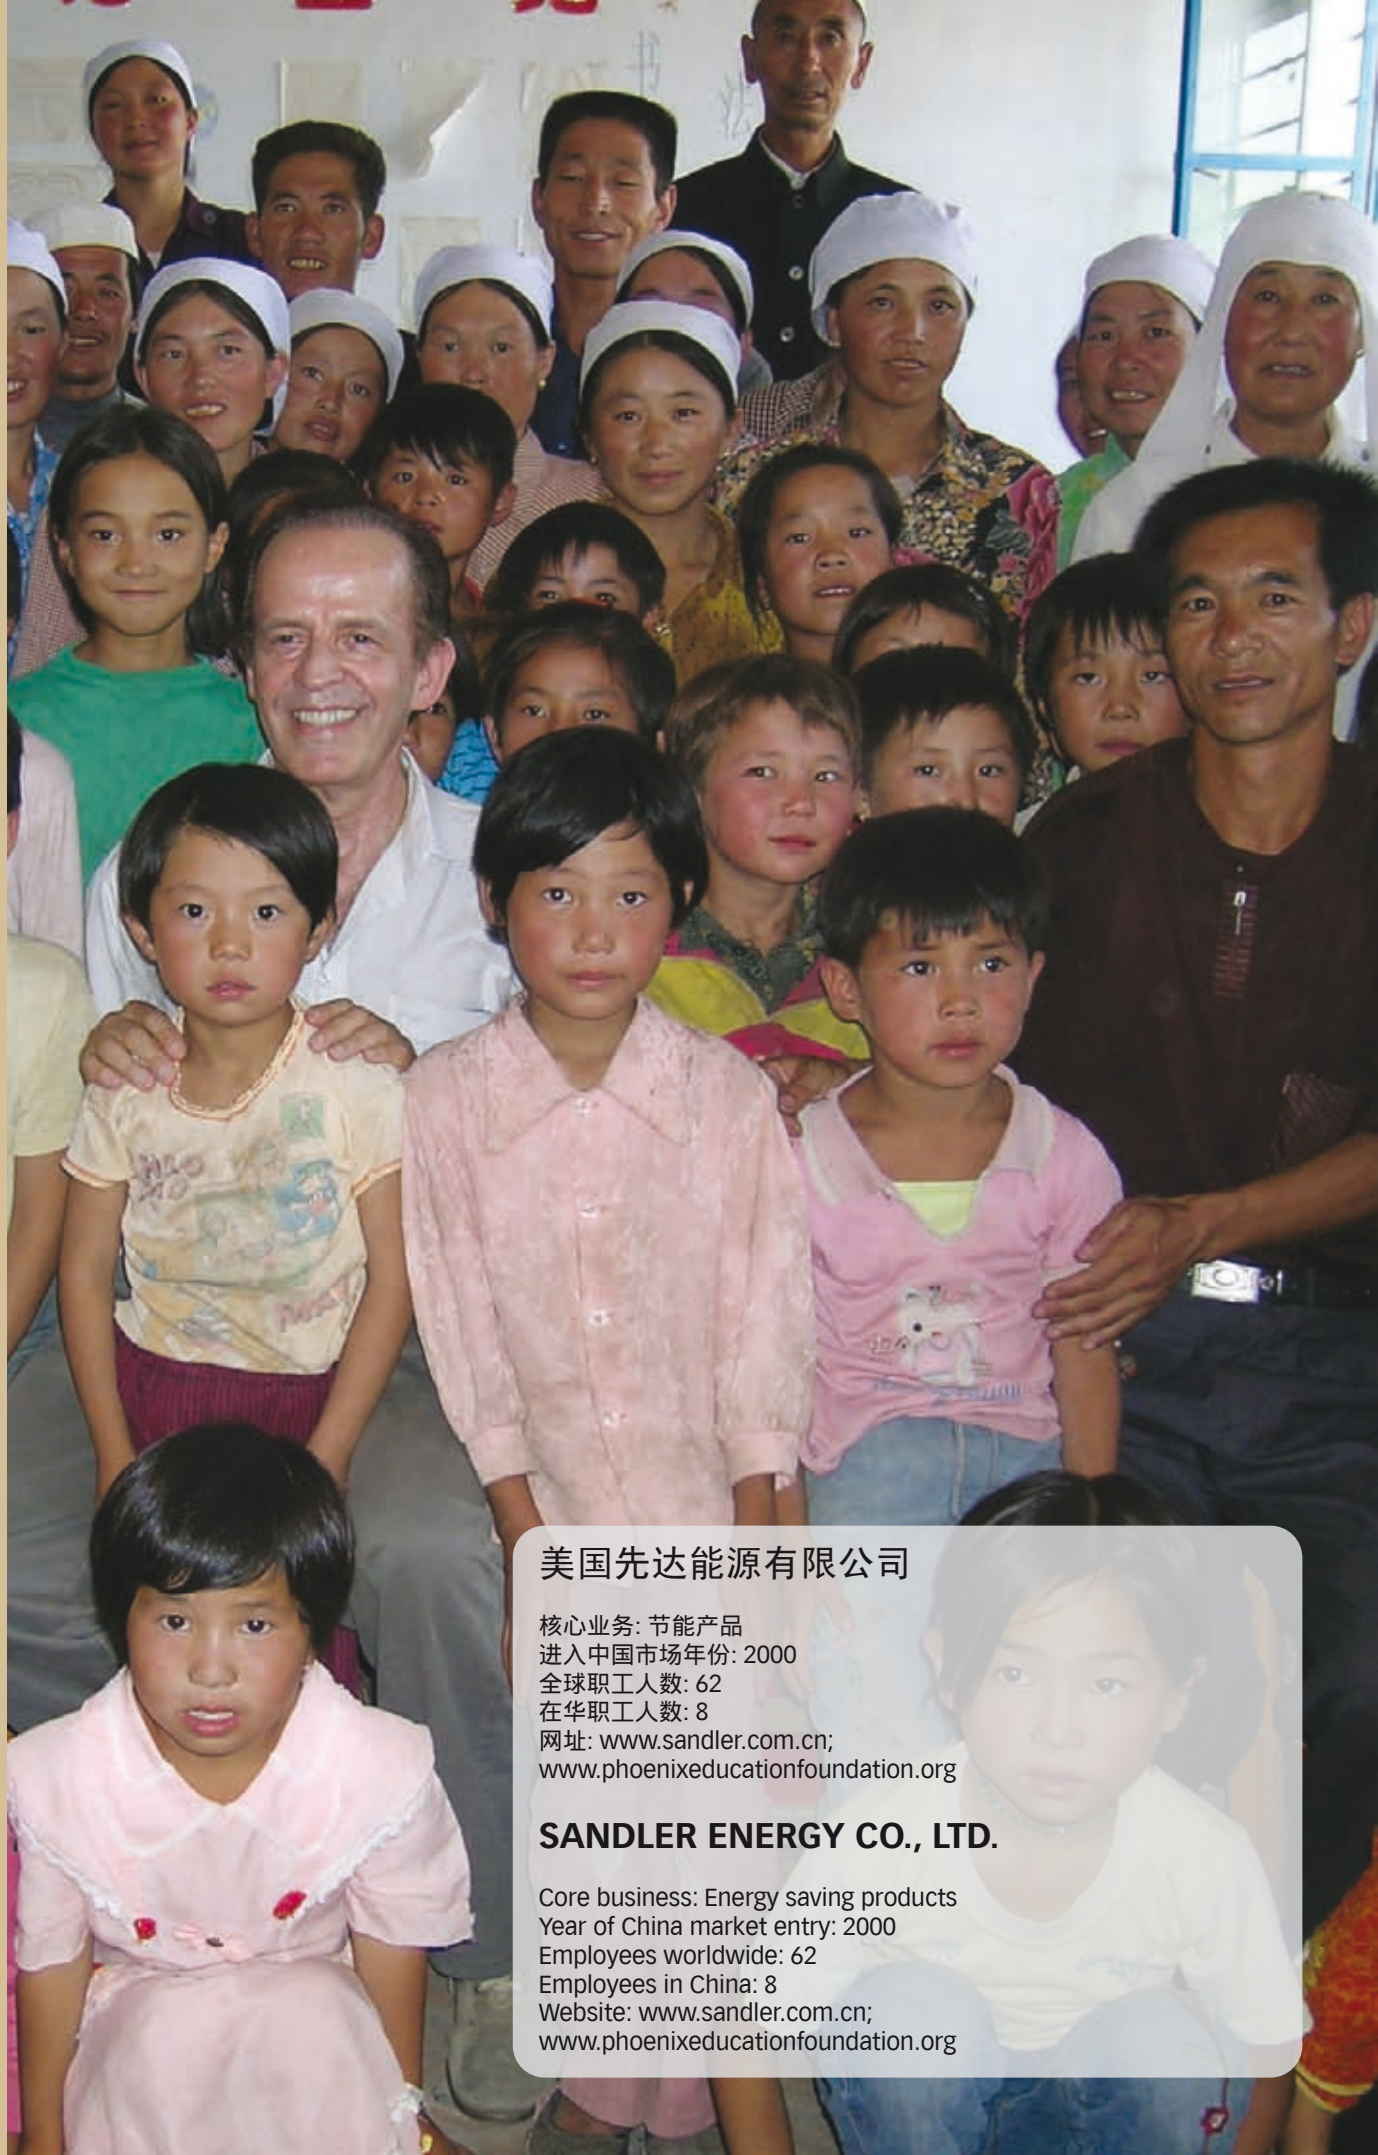

他的目标是在今后三年中,约资助2,000名学生。他相信,孩子的教育对于他们的未来、他们家庭的未来、他们社区的未来以至整个国家的未来都是最重要的事情。他证明了,当一个人乐于帮助孩子们成长和发展,回报社会并不难。

Supporting Children and Families One on One

Alan Joseph, president of Sandler Energy, is currently personally supporting the education of 173 children in China's Ningxia, Guangxi, and Gansu provinces. Each year since 2004, Alan Joseph has spent five weeks visiting children and families in their homes. In addition, he also visits the schools and teachers within these provinces.

The method he uses for his project is simple. He first contacts the All-China Women's Federation in the local area and they select families for him to visit. He gives a guest lecture at the village school and then visits the families to talk about their needs, their past lives, and their dreams for the future. Although Joseph speaks Mandarin, when families speak the local dialect, he is accompanied by a translator. He is often the first foreigner to enter their homes, but he is warmly welcomed.

His goal within the next three years is to support about 2,000 children. He believes that the education of a child is the most important thing for their future, their families' future, their community's future, and the country's future. He has proven that it is not difficult to give back to society when one has the pleasure of helping children grow and develop.
